Investment Objective	<p>AmIslamic Growth aims to provide long-term capital growth mainly through investments in securities with superior growth potential*, which conforms to principles of Shariah. As such, income** will be incidental to the overall capital growth objective and a substantial portion of the income from investments will be reinvested, rather than distributed.</p> <p>Notes: Any material change to the investment objective of the Fund would require Unit Holders’ approval. * Superior growth potential in this context refers to earnings growth higher than the market average. ** The income could be in the form of units or cash.</p>
Investment Strategy	<p>In seeking to achieve its investment objective, the Fund can under normal circumstances, invest in Shariah-compliant equities up to 95% of its net asset value (the “NAV”). In managing the Fund, AmIslamic Funds Management Sdn Bhd (the “Investment Manager”) may opt to invest in the investments either directly or via Shariah-compliant unit trust funds. Value-add from equities investments is derived from active stock selection with focus on undervalued Shariah-compliant stock relative to its earnings growth potential and/or its intrinsic value.</p> <p>The Fund invests in Malaysia and to a lesser extent, in foreign markets where the regulatory authorities are ordinary or associate members of the International Organization of Securities Commissions (IOSCO).</p> <p>The Fund is actively managed. Shariah Investment Principles applicable to the Fund

Equity Screening Process

The investment of the Fund in Shariah-compliant shares must only be done in companies listed in the Securities Commission Malaysia's (the "SC") list of approved Shariah stocks. The Investment Manager will first identify the securities which are Shariah-compliant based on the list of securities approved by the SC. Amanie Advisors Sdn Bhd (the "Shariah Adviser") will then review the securities purchased by the Investment Manager to ensure that the investments of the Fund are in compliance with the acceptable Shariah requirements. The Shariah Advisory Council of the SC (the "SACSC") adopts a two-tier quantitative approach, which applies the business activity benchmarks and the financial ratio benchmarks, in determining the Shariah status of the listed securities. Hence, the securities will be classified as Shariah-compliant if they are within the business activity benchmarks and the financial ratio benchmarks.

Business activity benchmarks

The contribution of Shariah non-compliant activities to the overall revenue and profit before taxation of the company will be computed and compared against the relevant business activity benchmarks as follows:

(i) The five-per cent benchmark

The five-per cent benchmark is applicable to the following businesses/activities:

- conventional banking;
- conventional insurance;
- gambling;
- liquor and liquor-related activities;
- pork and pork-related activities;
- non-halal food and beverages;
- Shariah non-compliant entertainment;
- interest income from conventional accounts and instruments (including dividends from investment in Shariah non-compliant instruments, interest income awarded arising from a court judgement or arbitrator);
- tobacco and tobacco-related activities; and
- other activities deemed non-compliant according to Shariah.

For the above-mentioned businesses/activities, the contribution of Shariah non-compliant businesses/activities to the overall revenue or profit before taxation of the company must be less than five per cent.

(ii) The 20-per cent benchmark

The 20-per cent benchmark is applicable to the following businesses/activities:

- share trading;
- stockbroking business;
- rental received from Shariah non-compliant activities; and
- other activities deemed non-compliant according to Shariah.

For the above-mentioned businesses/activities, the contribution of Shariah non-compliant businesses/activities to the overall revenue or profit before taxation of the company must be less than 20 per cent.

Financial ratio benchmarks

For the financial ratio benchmarks, the SACSC takes into account the following:

(i) Cash over total assets

Cash only includes cash placed in conventional accounts and instruments, whereas cash placed in Islamic accounts and instruments is excluded from the calculation.

(ii) Debt over total assets

Debt only includes interest-bearing debt whereas Islamic financing or sukuk is excluded from the calculation.

Each ratio, which is intended to measure riba and riba-based elements within a company's statements of financial position, must be less than 33 per cent.

In addition to the above two-tier quantitative criteria, the SACSC also takes into account the qualitative aspect which involves public perception or image of the company's activities from the perspective of Islamic teaching.

Special Purpose Acquisition Companies ("SPACs")

In classifying securities of SPACs, the SACSC considers the following criteria:

- (i) The proposed business activity should be Shariah-compliant;
- (ii) The entire proceeds raised from the initial public offering should be placed in Islamic accounts; and
- (iii) In the event that the proceeds are invested, the entire investment should be Shariah-compliant.

Shariah-compliant securities include ordinary shares and warrants (issued by the companies themselves). This means that warrants are classified as Shariah-compliant securities provided the underlying shares are also Shariah-compliant. On the other hand, loan stocks and bonds are Shariah non-compliant securities unless they are structured based on the SACSC's approved Shariah rulings, concepts and principles.

The Manager will provide to the Shariah Adviser on a quarterly basis the monthly report on the holding of the Funds and transactions entered into for the Fund. As for the initial public offering, it has to be clearly stated in the information memorandum or prospectus that the stock has been approved by the SACSC. For securities not certified by the SACSC, a statement stating that the status of the securities has been determined in accordance with the ruling issued by the Shariah Adviser.

Cleansing/ Purification Process for the Fund

a) Active Breach/ Wrong Investment

Refers to Shariah non-compliant investment made by the Manager. The said investment will be disposed/withdrawn of with immediate effect. In the event of the investment resulted in gain (through capital gain and/or dividend), the gain is to be channelled to baitulmal or any other charitable bodies as advised by the Shariah Adviser. If the disposal of the investment resulted in losses to the Fund, the losses are to be borne by the Manager.

All costs incurred during the acquisition and disposal process, either the investment resulted in either gain or losses, are to be borne by the Manager.

b) Reclassification of Shariah Status of the Fund's Investment

As per the SACSC's ruling, the said security which was reclassified as Shariah non-compliant by SACSC will be disposed of soonest practical. If the respective market price of Shariah non-compliant securities exceeds or is equal to the investment cost, the Fund must liquidate them immediately. Any dividends received up to the date of the announcement and capital gains arising from the disposal of Shariah non-compliant securities on the date of the announcement can be kept by the Fund. However, any dividends received and excess capital gain from the disposal of Shariah non-compliant securities after the date of the announcement should be channelled to *baitulmal* and/or charitable bodies.

On the other hand, the Fund is allowed to hold their investment in the Shariah non-compliant securities if the market price of the said securities is below the investment cost. It is also permissible for the Fund to keep the dividends received during the holding period until such time when the total amount of dividends received and the market value of the Shariah non-compliant securities held equal the investment cost. At this stage, the Fund is to dispose of their holding.

Zakat for the Fund

The Fund does not pay zakat on behalf of Muslim individuals and Islamic legal entities who are investors of the Fund. Thus, investors are advised to pay zakat on their own.
