## **1. Shariah Methodology and Shariah Investment Guidelines of RHB Islamic ASEAN Megatrend Fund (“Fund”).**

Section 1.4 Shariah Methodology and Shariah Investment Guidelines on pages 11 to 14 of the prospectus dated 26 April 2017 (“Prospectus”), is hereby deleted in its entirety and replaced with the following:

The following Shariah methodology and Shariah investment guidelines shall take effect on 6 December 2017.

### **1.4 Shariah Methodology and Shariah Investment Guidelines**

The Fund’s investments in Shariah-compliant securities and instruments are screened to ensure that they meet stipulated financial filters and are not involved in activities prohibited under Shariah.

The prohibited core activities that must be avoided includes:

- a) Financial services based on *riba* (interest);
- b) Gambling and gaming activities;
- c) Production, processing and sale of alcoholic beverages and non-halal food or related products;
- d) Conventional insurance activities;
- e) Entertainment activities that are non-permissible according to Shariah;
- f) Manufacture or sale of tobacco-based products or related products;
- g) Stockbroking or share trading in Shariah non-compliant securities;
- h) Weapons and defence;
- i) Other activities considered non-permissible according to the Shariah; and/or
- j) Any further restriction as determined from time to time by the SACSC and/or the Shariah Adviser for Malaysian investments, and as determined from time to time by the Shariah Adviser for investments in foreign markets.

In screening the investment activity of the Fund, the Shariah Adviser will ensure that at all times the investments of the Fund would be restricted to Shariah-compliant securities and instruments.

For investments in listed securities on Bursa Malaysia, the Fund will only invest in securities listed on the SACSC’s list of Shariah-compliant securities. For securities and instruments that are not classified as Shariah-compliant by SACSC or Shariah Advisory Council of Bank Negara Malaysia, the Shariah Adviser will determine whether the securities are Shariah-compliant for investment by the Fund in accordance to the following Shariah methodology and Shariah investment guidelines.

#### **Shariah Investment Guidelines adopted by the Shariah Adviser**

The following matters are adopted by the Shariah Adviser in determining the Shariah status of investments of the Fund.

##### **1. Investment in Malaysia**

###### **Equity:**

Reference for investment in local securities is based on the list of Shariah-compliant securities issued by the SACSC twice yearly on the last Friday of May and November which is readily available at the Securities Commission’s website.

**INVESTORS ARE ADVISED TO READ AND UNDERSTAND THE CONTENTS OF THIS SUPPLEMENTARY PROSPECTUS DATED 6 NOVEMBER 2017 WHICH IS TO BE READ TOGETHER WITH THE PROSPECTUS DATED 26 APRIL 2017.**

However, for the Shariah status of Initial Public Offering (“IPO”) companies that have yet to be determined by the SACSC, the Shariah Adviser adopted the following analysis in determining the Shariah status of these companies. The status determined by the Shariah Adviser is taken on a temporary basis until the Shariah status of the particular IPO company is determined in the subsequent release of the “List of Shariah-compliant Securities” issued by SACSC.

### **Quantitative Analysis**

The Shariah Adviser adopts a two-tier quantitative approach which applies the business activity benchmark and the financial ratio benchmark in determining the Shariah status of the securities. Hence, the securities will be classified as Shariah-compliant if they are within the business activity benchmark and the financial ratio benchmark. If any of these benchmarks are exceeded, the Shariah Adviser will not accord a Shariah-compliant status for such equities.

#### Business activities benchmark

The contribution of Shariah non-compliant activities to the overall revenue and profit before taxation of the company will be computed and compared against the relevant business activities benchmark as follows:

- (a) The 5% benchmark would be applicable to the following business activities:
- (i) Conventional banking;
  - (ii) Conventional insurance;
  - (iii) Gambling;
  - (iv) Liquor and liquor-related activities;
  - (v) Pork and pork-related activities;
  - (vi) Non-halal food and beverages;
  - (vii) Shariah non-compliant entertainment;
  - (viii) Interest income from conventional accounts and instruments (including dividends from investment in Shariah non-compliant instruments and interest income awarded arising from a judgement by a court or arbitrator);
  - (ix) Tobacco and tobacco-related activities; and
  - (x) Other activities deemed non-compliant according to Shariah.

For the abovementioned businesses or activities, the contribution of Shariah non-compliant businesses or activities to the overall revenue or profit before taxation of the company must be less than 5%.

- (b) The 20% benchmark would be applicable to the following activities:
- (i) Share trading;
  - (ii) Stockbroking business;
  - (iii) Rental received from Shariah non-compliant activities; and
  - (iv) Other activities deemed non-compliant according to Shariah.

For the abovementioned businesses or activities, the contribution of Shariah non-compliant businesses or activities to the overall revenue or profit before taxation of the company must be less than 20%.

#### Financial ratio benchmarks

For the financial ratios benchmark, the Shariah Adviser takes into account the following:

**INVESTORS ARE ADVISED TO READ AND UNDERSTAND THE CONTENTS OF THIS SUPPLEMENTARY PROSPECTUS DATED 6 NOVEMBER 2017 WHICH IS TO BE READ TOGETHER WITH THE PROSPECTUS DATED 26 APRIL 2017.**

- (a) Cash over total assets must be less than 33%

Cash will only include cash placed in conventional accounts and instruments, whereas cash placed in Islamic accounts and instruments will be excluded from the calculation.

- (b) Debt over total assets must be less than 33%

Debt will only include interest-bearing debt whereas Islamic debt or financing or sukuk will be excluded from the calculation.

### **Qualitative Analysis**

Companies which have passed the quantitative test will be further subjected to qualitative screening before the equities of such companies can be classified as Shariah-compliant. In this analysis, the Shariah Adviser will look into aspects of general public perception of the companies' image, core businesses which are considered important and *maslahah* (beneficial) to the Muslim *ummah* (nation) and the country, the non-permissible elements are very small and involve matters like *umum balwa* (common plight and difficult to avoid), *'uruf* (custom) and rights of the non-Muslim community which are accepted under the Shariah.

### **Islamic money market instruments:**

The selection of these instruments for investments will be based on the instruments' lists readily available at the website of Bank Negara Malaysia.

## **2. Investment in foreign markets:**

### **Equity:**

### **Quantitative Analysis**

The Shariah Adviser takes into account the following parameters of FTSE Shariah screening methodology in determining the Shariah status of the listed companies.

- 1) Shariah non-compliant income of the companies arising from the following non-permitted business activities must not exceed certain designated threshold\*:
  - a) Conventional finance (non-Islamic banking, finance, insurance, etc);
  - b) Alcohol;
  - c) Pork related products and non-halal food production, packaging and processing or any other activity related to pork and non-halal food;
  - d) Entertainment (casinos, gambling, cinema, music, pornography and hotels);
  - e) Tobacco; and
  - f) Weapons, arms and defence manufacturing.

\* In accordance with FTSE Shariah screening methodology, a five per cent threshold would be applied. The threshold may vary in accordance with the development of Islamic finance. Should any of the parameters fail to satisfy the thresholds, the Shariah Adviser will not accord a Shariah-compliant status for the securities of such companies.

- 2) After companies have been screened by their business sector activity, the remaining companies are further examined on their finances to ensure that these companies are

**INVESTORS ARE ADVISED TO READ AND UNDERSTAND THE CONTENTS OF THIS SUPPLEMENTARY PROSPECTUS DATED 6 NOVEMBER 2017 WHICH IS TO BE READ TOGETHER WITH THE PROSPECTUS DATED 26 APRIL 2017.**

Shariah-compliant. Only companies that meet the following financial ratios will be classified as Shariah-compliant:

- a) Cash and interest bearing items are less than 33.333% of total assets;
- b) Total debts is less than 33.333% of total assets;
- c) Total interest and non-compliant activities income should not exceed 5% of total revenue; and
- d) Total account receivables and cash are less than 50% of total assets.

### **Qualitative Analysis**

Companies which have passed the above quantitative test will be further subjected to qualitative screening before the equities of such companies can be classified as Shariah-compliant. In this secondary analysis, the Shariah Adviser will look into aspects of the general public perception of the respective companies' image, core businesses which are considered important and *maslahah* (beneficial) to the Muslim *ummah* (nation) and the country, the non-permissible elements are very small and involve matters such as *umum balwa* (common plight and difficult to avoid), *'uruf* (custom) and rights of the non-Muslim community which are accepted by the Shariah.

### **Shariah non-compliant investments**

Should there be a breach, the following rules on divestment of Shariah non-compliant investments apply:

#### **a) Wrong Investments**

If the Manager mistakenly invests the Fund in Shariah non-compliant securities, the Manager needs to dispose of these Shariah non-compliant securities within one (1) month upon becoming aware of the status of the securities. Any gain made in the form of capital gain or dividend received during or after the disposal of the securities has to be channeled to *baitulmal* or charitable bodies as advised by the Shariah Adviser. The Fund has a right to retain only the original investment cost. However, if the investment sustained a loss, the Manager is to reimburse the Fund the original investment cost.

Note: original investment cost may include brokerage cost or other related transaction cost.

#### **b) Reclassification of Shariah status of the Fund's investment**

This refers to those securities which were earlier classified as Shariah-compliant securities but due to certain reasons, such as changes in the companies' operations, are subsequently reclassified as Shariah non-compliant. In this regard, if on the date the securities turned Shariah non-compliant, the value of the securities held exceeds the original investment cost, the Fund must liquidate such Shariah non-compliant securities held by it. Any capital gains arising from the disposal of the Shariah non-compliant securities can be kept by the Fund. However, any excess capital gains derived from the disposal after the said date at a market price that is higher than the closing price on the said date should be channelled to *baitulmal* or charitable bodies as advised by the Shariah Adviser.

On the other hand, the Fund is allowed to hold its investment in the Shariah non-compliant securities if the market price of the said securities is below the original investment costs. It is also permissible for the Fund to keep the dividends received during the holding period until such time when the total amount of dividends received and the market value of the Shariah non-compliant securities held equal the original investment cost. At this stage, the Fund must dispose of its holding.

In addition, during the holding period, the Fund is allowed to subscribe for:

**INVESTORS ARE ADVISED TO READ AND UNDERSTAND THE CONTENTS OF THIS SUPPLEMENTARY PROSPECTUS DATED 6 NOVEMBER 2017 WHICH IS TO BE READ TOGETHER WITH THE PROSPECTUS DATED 26 APRIL 2017.**

- (i) any issue of new securities by a company whose Shariah non-compliant securities are held by the Fund, for example rights issues, bonus issues, special issues and warrants (excluding securities whose nature is Shariah non-compliant e.g. irredeemable convertible unsecured loan stock (ICULS)); and
- (ii) securities of other companies offered by the company whose Shariah non-compliant securities are held by the Fund,

on condition that they expedite the disposal of the Shariah non-compliant securities. For securities of other companies {as stated in (ii) above}, they must be Shariah-compliant securities.

#### **Purification process of the Fund**

The portion of income attributed to impure income from business activities must be purified by the Fund so that impure income is not distributed to Unit Holders.

In accordance with FTSE Shariah screening methodology, a five percent ratio is applied to the dividend income received to calculate the purification amount to be channelled to *baitulmal* or any charitable organisations as advised by the Shariah Adviser.

#### **Zakat for the Fund**

The Fund does not pay zakat on behalf of Unit Holders who are Muslim individuals and Islamic legal entities since doing so would not satisfy completely their zakat obligations. Such investors are thus advised to pay on their own behalf.

**UNIT TRUST LOAN FINANCING  
RISK DISCLOSURE STATEMENT**

Investing in a Unit Trust Fund with Borrowed Money / Financing Is More Risky than  
Investing with Your Own Savings

You should assess if loan financing is suitable for you in light of your objectives, attitude to risk and financial circumstances. You should be aware of the risks, which would include the following:

- (i) The higher the margin of financing (that is, the amount of money you borrow for every ringgit of your own money which you put in as deposit or down payment), the greater the potential for loss or gain on your investment.
- (ii) You should assess whether you have the ability to service the repayments on the proposed loan/financing. If your loan/financing is a variable rate loan/financing, and if interest rates/profit rise, your total repayment amount will be increased.
- (iii) If unit prices fall beyond a certain level, you may be asked to provide additional acceptable collateral (where units are used as collateral) or pay additional amounts on top of your normal instalments. If you fail to comply within the time prescribed, your units may be sold towards the settlement of your loan/financing.
- (iv) Returns on unit trusts are not guaranteed and may not be earned evenly over time. This means that there may be some years where returns are high and other years where losses are experienced. Whether you eventually realise a gain or loss may be affected by the timing of the sale of your units. The value of units may fall just when you want your money back even though the investment may have done well in the past.

This brief statement cannot disclose all the risks and other aspects of loan financing. You should therefore carefully study the terms and conditions before you decide to take the loan/financing. If you are in doubt about any aspect of this risk disclosure statement or the terms of the loan financing, you should consult the institution offering the loan/financing.
